

Run *growth* for a real startup. On your campus.

Figwork helps students find the recruiter behind a career posting. Bring it to your campus, run a real campaign, and track what you make happen.

01

HOW REFERRALS WORK

How it works

A simple path from your link to a verified result.

01

Share your link.
Find your personal referral link in your Figwork account. It is how we know who you brought in.

02

They activate.
When someone you referred installs the Chrome extension and uploads their resume, that's a verified activation.

03

You get paid.
Cash for every verified activation, after a short verification hold. Watch each referral's progress in your tracker.

YOUR TRACKER

PREVIEW

Referral progress

REFERRAL	CURRENT STAGE
KL	installed
AM	resume uploaded
RS	link clicked
JP	in hold

Each row moves as an activation is verified.

WHAT YOU'LL BUILD

Your campaign. Your results.

- 01

Run your own campaign

Choose where and how Figwork shows up, from clubs and study groups to career communities.
- 02

Pitch a real idea

Pitch a study night, workshop, or campus event. If approved, Figwork pays the vendor and you run it.
- 03

Build growth skills

Practice outreach, campaign planning, positioning, and conversion with a live product.
- 04

Track your impact

Use your tracker to follow the activations and acquisition results you generated.
- 05

Get the title and kit

Selected students can use the Campus Growth Partner title and receive the Figwork brand kit.
- 06

Earn for verified growth

Campus Growth Partners earn \$10 per verified activation. Open referral participants earn \$5.

03

YOUR CAMPUS, YOUR PLAYBOOK

Turn your campus into your campaign.

Start with what you already know: your people, your places, your ideas.

- 01

Bring it to your circles.

Clubs, study groups, career communities — share Figwork where it can actually help.
- 02

Pitch a campus moment.

Have an idea for a study night or campus event? Pitch it. If we fund it, Figwork pays the vendor and you run the moment.
- 03

Watch what you started move.

Your tracker follows each activation from first click to paid — a live record of what you made happen.

FALL / WINTER COHORT

Bring Figwork to your campus.

PROGRAM QUESTIONS

Questions, answered.

04

Who is this application for?

X

This application is only for students who want to be selected as Campus Growth Partners. Selected Partners may use the Campus Growth Partner title, receive the brand kit, and propose campus events for Figwork to fund.

Do I need to apply to earn referral rewards?

X

No. Anyone who meets the referral eligibility requirements can use their personal Figwork referral link and earn cash. Open referral participants are not Campus Growth Partners and do not receive the Campus Growth Partner title or brand kit.

How much can I earn?

X

The current rate is \$5 per verified activation through the open referral program and \$10 for selected Campus Growth Partners. The same annual reward limit applies to both; see the terms and conditions for details.

When do I get paid?

X

After each activation clears a short verification hold. Payouts are pushed to you — you never have to invoice or ask.

Do I have to post on social media?

X

No. Nothing is required. If you do post about Figwork, you have to say you're in the program — we'll show you how.

What's the catch?

X

There isn't one. Rewards are based on verified activations, fraudulent activity is not eligible, and recruiting other referrers never earns a reward.

Is this employment?

X

No. It's a program with no schedules and no duties. It doesn't create an employment relationship, and we're careful to keep it that way.

Program notes

X

No schedules, no quotas, no scripts. You decide what to do and when.
Not employment — a program. There's nothing to clock into and nobody to report to.
You earn from results, and results only.

05

FALL / WINTER COHORT

Apply for fall/winter

This application is only for Campus Growth Partners. The open referral program does not require an application. Short written application. No resume, no calls — we read what you've organized and what you'd do here.

Applications close November 1. Decisions by December 1.

Terms and conditions →

Figwork Campus Partners is a small program for students who want to run real growth on their campus. Short written application — no resume, no interviews. To participate you must be 18 or older and, because rewards are paid in cash, you can't be in the US on a student visa. Applications close October 1. By applying, you agree to the Program Terms [link].
